

“CLEAN WATER – BRIGHT FUTURE”

2016 Amelia County Spring Green/Clean Logo/T-shirt Contest Winner

Amelia County Department of Environmental Management

April 29, 2016

“CLEAN WATER – BRIGHT FUTURE” is the new logo and t-shirt design for the 2016 Amelia County Spring Green/Clean program which was chosen in a contest for all Amelia County K – 4TH grade students. The winning t-shirt was designed by Corday Bernstein who attends Mr. Dave Dunnivant’s fourth grade class at Amelia County Elementary School (ACES). Congratulations Corday! Second place in the contest was won by Emma Caudill who is also a student in Mr. Dunnivant’s class. Third place was won by Audrey Pound, a student in Ms. Cynthia Colston’s third grade class.

The entries in the contest were inventive and fun and the judges had a difficult time choosing the winners, as all of the participants did a wonderful job. The winners each received a prize ribbon and they and all of their classmates and teacher received a **“CLEAN WATER – BRIGHT FUTURE”** t-shirt and McDonald’s Happy Meal coupons thanks to our corporate sponsors Waste Management of Virginia and McDonald’s of Amelia.

We would like to also thank our other business sponsors whose names are listed on the back of this year’s t-shirt: Amelia Family Campground, Amelia Physical Therapy, Anderson Well Drilling, Inc., EMC Electric, and Southern States Amelia Service.

The logo and t-shirt contest is part of the 2016 Amelia County Spring Green/Clean campaign, an annual community-wide clean-up, beautification and environmental awareness effort designed to show pride in Amelia County. The program also included science fairs for all students in grades 4 through 12 whose winners have already been announced. For more information on the 2016 Amelia County **“CLEAN WATER – BRIGHT FUTURE”** program contact Ray York or Patty Averett at 561-3039 or 561-3004.
