Appointing Authority:

Each county participating in a community-based probation service shall be represented on the Community Criminal Justice Board (CCJB). Appointments to the CCJB shall be made by each local governing body. In cases of multi-jurisdictional participation, unless otherwise agreed upon, each participating city or county shall have an equal number of appointments. The CCJB for Piedmont Court Services is the Piedmont Community Criminal Justice Board (PCCJB). This is an advisory board, and the board is to advise on the development and operation of local pretrial Services and community-based probation Services and Management pursuant to 19.2-152.2 and 9.1-176 for use by the courts in diverting offenders from local correctional facility placements; assist community agencies and organizations in establishing and modifying programs and Services for defendants and offenders on the basis of an objective assessment of the community's needs and resources; evaluate and monitor community programs and pretrial and local community-based probation Services and facilities to determine their impact on offenders; review the submission of all criminal justice grants regardless of the source of funding; facilitate local involvement and flexibility in responding to the problem of crime in their communities and do all things necessary or convenient to carry out the responsibilities expressly given in this article.
